The Alliance Sand, Reservoir A in the Perry Field is defined as being that gas and condensate bearing sand encountered between the measured depths of 13,616 feet and 13,911 feet (electrical log measurements) in the Southwestern Energy Production Company-C. E. Dill No. 1 Well, located in Section 8, Township 13 South, Range 3 East, Vermilion Parish, Louisiana.

In compliance with the Rules of Procedure for Conducting Hearings Before the Commissioner of Conservation of the State of Louisiana, a pre-application conference was held in Lafayette, Louisiana on April 10, 2002. Attached hereto and made a part hereof is a list of the names and addresses of the parties who were in attendance at that conference. The rights of the parties were reserved.

The conference was opened by Mr. B. J. Duplantis. Mr. Bill McAlister of Leon Comeaux & Associates presented the plan of applicant. Questions were asked and answered. A counterplan was presented by Mr. Doffie Ross on behalf of DeMarcy, et al. The applicant's plan was revised to reconcile differences on the placement of the north boundary fault. It is anticipated that there will be no opposition at the public hearing on this matter.

Attached hereto and made a part hereof is a plat outlining the Alliance RA SUA, Perry Field, Vermilion Parish, Louisiana, and a list of the names and addresses of the interested owners, represented parties and interested parties to whom this notice is being sent. It is hereby certified that a reasonable effort was made to ascertain the names and addresses of all interested owners, represented parties and interested parties.

Upon receipt of the legal notice in the captioned matter, the notice will be posted, published and mailed in accordance with Rule 7 of the Rules of Procedure.

Any pertinent data relating to the proposed unit can be obtained, AT THE COST OF THE REQUESTING PARTY, from Mr. William S. McAlister, Jr., of Leon Comeaux & Associates, P. O. Box 53922, Lafayette, La 70505 (337) 233-9839.

Very truly yours,

B. J. Duplantis
